2066.00. MARKET MAKER PROGRAM.

The Exchange may establish a Market Maker Program for any contract. The Program shall remain in effect for a period determined by the Exchange. The Exchange may end the Program at any time. The requirements and the number of participants for the Market Maker Program shall be established by the Exchange and are subject to change at any time. Any individual or entity that satisfies the requirements set forth by the Exchange may submit an application to the Corporate Secretary to become a Market Maker. The Exchange shall have sole discretion to approve or deny an application based on the applicant's business reputation, financial resources, trading activity in relevant futures, options, or related cash markets, or any other reason. Any individual or entity accepted into the Program must maintain compliance with the requirements established by the Exchange. The Exchange may, without notice, remove any individual or entity that fails to comply with Exchange requirements. Further, the individual or entity must comply with the Commodity Exchange Act and Regulations thereunder, and Exchange Rules, Regulations, Resolutions, procedures, and policies.

2067.00. ELECTRONIC AND OPEN OUTCRY TRADING.

Pursuant to the provisions of [Rule 1818.00.](#), the Board of Directors has adopted this Regulation for Contracts permitted by the Board of Directors to trade on the Electronic Trading System and by open outcry:

- A. A clearing member and broker shall have a fiduciary responsibility in the handling and execution of all orders received, by whatever means, to obtain the best price available among trading platforms. However, members trading for themselves by open outcry and orders initiated directly by a user for electronic execution will not be subject to this regulation.
- B. The Electronic Trading System and open outcry may have separate opens, open ranges, highs, lows, closes and closing ranges. However, there shall be only one settlement price.
- C. The Electronic Trading System and open outcry may each have trade volume that is reported separately. However, there shall be only one combined open interest number reported by the Exchange.
- D. Contracts traded on both the Electronic Trading System and by open outcry shall be fungible. This means positions entered into on one platform may be offset by positions executed on the other platform. As a result, clearing members shall submit to the Clearing House only combined position reports.

2069.00. REPORTING REQUIREMENTS AND SANCTIONS.

- A. Members, Market Participants and all nonmembers approved as Regular are required to submit all data, records and other information requested by the Exchange or required by

MGEX Rules and Regulations in an accurate, complete and timely manner, and in a method and format agreeable to the Exchange.

- B. Failure to comply with such reporting requirements will subject the Member, Market Participant or nonmember approved as Regular to a summary fine or other disciplinary action including, but not limited to, the matter being referred to the Disciplinary Committee.

2070.00. DUTY TO SUPERVISE.

A party subject to MGEX Bylaws or Rules has a duty to supervise any agent, employee, or contractor under their direct or indirect control (for purposes of this Rule, an “agent”), who engages in this market or performs any Exchange-related activity. Any act, omission, or failure of any agent may be deemed to be an act, omission, or failure of the party.

Unless prohibited by MGEX Bylaw or Rule, a party may delegate the act of performance, but not the responsibility, of any MGEX Bylaw or Rule.

When assessing whether a party has violated MGEX Rule 2070.00., the Exchange may consider the party’s lack of sufficient internal controls as an exacerbating factor.

MGEX Rules do not prohibit the Exchange from bringing disciplinary action against both the party and the agent based on the same event or set of operative facts. If an agent is found to be in violation of any MGEX Bylaw or Rule, the Exchange may, in its discretion, take disciplinary action against the agent, the party, or both.

2071.00. EXCHANGE OFFICER AMENDMENTS.

The Exchange Officers, by majority vote, shall have the authority to amend any Rule without a vote of the Ownership or the Board of Directors when such amendment does not alter the intent of the Rule or is otherwise non-substantive. Examples of amendments include, but are not limited to, the modification or elimination of letters, numbers, words, phrases, sentences, Rule numbers, Rule titles, chapter numbers, chapter titles, and cross references (internal and to applicable law) necessary to maintain accurate and current Rules, or non-substantive changes necessary to comply with any non-substantive change in law, statute or governing legal authority.

2084.00. RISK REQUIREMENTS FOR FUTURES COMMISSION MERCHANTS.

All FCMs who are Members of the Exchange must establish, maintain, and enforce a risk management program designed to manage and monitor the risks associated with activities associated with the FCM including, but not limited to, risks relating to operations, capital, and customer funds segregation. Such risk management program must include written policies and procedures and, at a minimum, must meet the requirements set forth in CFTC Regulation 1.11, as amended. The Exchange, at its discretion, may adopt risk management requirements for Member FCMs that are more stringent than those of the CFTC if it deems such requirements appropriate. Upon request of the Exchange or the CFTC, the written risk management policies and procedures and other related information and documentation must be promptly made available for review.

Limited authority of the Board of Directors is hereby delegated to MGEX risk management personnel, which shall include such employees and/or officers as the Exchange, in its discretion, shall determine (collectively, the "MGEX Risk Team"), to independently exercise certain risk management powers and to be responsible and accountable for making risk decisions, including in crises and emergencies. The Board of Directors further assigns the MGEX Risk Team the responsibility for implementing the (i) default rules and procedures required by CFTC Regulations 39.16 and 39.35, (ii) system safeguard rules and procedures required by CFTC Regulations 39.18 and 39.34, and (iii) recovery and wind-down plans required by CFTC Regulation 39.39.

RESOLUTION 372.00.

Pursuant to **Rule 372.00. G.** and **H.**, the Minneapolis Grain Exchange Board of Directors has adopted the following requirements to be met by Delegates of the Exchange.

A Delegate shall deposit one thousand dollars (\$1,000.00) with the Exchange. No interest will be paid on the deposit.

A Delegate shall pay a fee of two hundred dollars (\$200.00) each month unless said Delegate trades a minimum of twenty five (25) MGEX futures and/or options contracts.

Approved by the Board July 9, 2009, effective September 1, 2009.

RESOLUTION 719.00.

The Minneapolis Grain Exchange Board of Directors has adopted a \$0.70 fee to be paid to the Corporation by the buyer and the seller for each Minneapolis Grain Exchange contract involved in an exchange for risk or exchange for physical transaction.

Approved by the Board March 18, 2008, effective April 1, 2008.

RESOLUTION 803.00.

Effective with the May 2013 contract month, all warehouse receipts issued for delivery against Hard Red Spring Wheat ("HRSW") futures contracts shall be marked with a deoxynivalenol ("vomitoxin") limit expressed in tenths as either (i) 2.0 parts per million or (ii) 3.0 parts per million. Warehouse receipts marked as 2.0 parts per million or 3.0 parts per million shall represent a maximum vomitoxin level. Further, warehouse receipts marked as 2.0 parts per million shall be delivered at contract price, while receipts marked as 3.0 parts per million vomitoxin shall be delivered at a 20 cents per bushel discount.

The taker shall have the option, at taker's expense, to request for a determination of the level of vomitoxin at the time load-out instructions are submitted to the warehouse. Sampling shall be conducted at the point of load-out by the Federal Grain Inspection Service, a federally designated inspection agency or by a third party inspection service which is mutually agreeable to the warehouse and taker of delivery. The determination of the level of vomitoxin shall be based on the average test results of the HRSW. Vomitoxin test results up to and including 2.0 parts per million shall meet warehouse receipts marked 2.0 parts per million. Vomitoxin test results up to and including 3.0 parts per million shall meet warehouse receipts marked 3.0 parts per million. Vomitoxin test results greater than 3.0 parts per million shall not be deliverable. There will be no rounding of test results to a whole number. Taker may agree to accept HRSW with vomitoxin test results greater than 2.0 up to 3.0 parts per million for warehouse receipts marked 2.0 parts per million at the stated discount or at a discount mutually agreed by both parties.

The following methods are to be used for determining the level of acceptable vomitoxin for deliveries against HRSW futures:

1. Barges shall be based upon a single barge composite sample.
2. Vessels shall be based upon the average of subplot composite samples.
3. Trains shall be based upon an average of 5 railcar composite samples. A single composite sample shall be used for load-outs less than 5 railcars.
4. Warehouse and taker may mutually agree to utilize other sample averages.

RESOLUTION 804.00.

Effective with the September 2017 contract month, delivery of any Hard Red Spring Wheat Futures Contract shall be made by the delivery of a USDA approved negotiable electronic warehouse receipt issued by a MGEX approved regular facility.

Any holder of any paper warehouse receipt may take one of the following actions with respect to such paper warehouse receipt:

- 1) Convert such paper warehouse receipt to an electronic warehouse receipt and pay any outstanding storage cost;
- 2) Carry such paper warehouse receipt indefinitely;
- 3) Cancel such paper warehouse receipt for load-out purposes; or
- 4) Transfer the paper receipt to another entity

Further, effective with the September 2017 contract month, any reference to “warehouse receipt” in any MGEX Rule pertaining to the delivery of a Hard Red Spring Wheat Futures Contract means “electronic warehouse receipt”.

Unless otherwise instructed by the Exchange, electronic warehouse receipts are to be issued via and transferred exclusively using e-Grain, Inc. (also known as the eGrain System).

The Exchange may from time to time determine or modify the electronic fields that are required to be completed when creating or issuing an electronic warehouse receipt.

In addition, any Regular Facility that receives a request to convert a paper warehouse receipt to an electronic warehouse receipt through December 26, 2017 shall promptly fulfill the request, and shall not charge any fee to the requesting party.

RESOLUTION 2024.00.

The Minneapolis Grain Exchange Board of Directors has adopted the following schedule of Exchange regulatory fees to be paid to the Corporation annually. The fee shall be prorated over the Corporation’s fiscal year for each month the entity is registered.

A fee of \$10,000 shall be paid by registered futures commission merchant members for which the Exchange is the self-regulatory organization responsible for monitoring and auditing for compliance with the minimum financial, segregation and related reporting and recordkeeping requirements. Such fee shall also apply if the Exchange has delegated its responsibilities to another designated self-regulatory organization. However, the fee shall be waived if the registered futures commission merchant member clears 50,000 contracts annually.

Approved by the Board on January 18, 2001.
