Single-click spread functionality between the MGEX North American Spring Wheat futures contract and the CBOT Soft Red Winter Wheat futures contract became available May 21, 2012. This functionality addresses the inherent risk of "legging the spread" by eliminating slippage. It also provides a more secure and convenient way to spread between the two wheat classes.

Settlement taken from 1:14:00 to 1:14:59

All times are listed in Central Time

## The Benefits of Using Single-Click Spread Functionality:

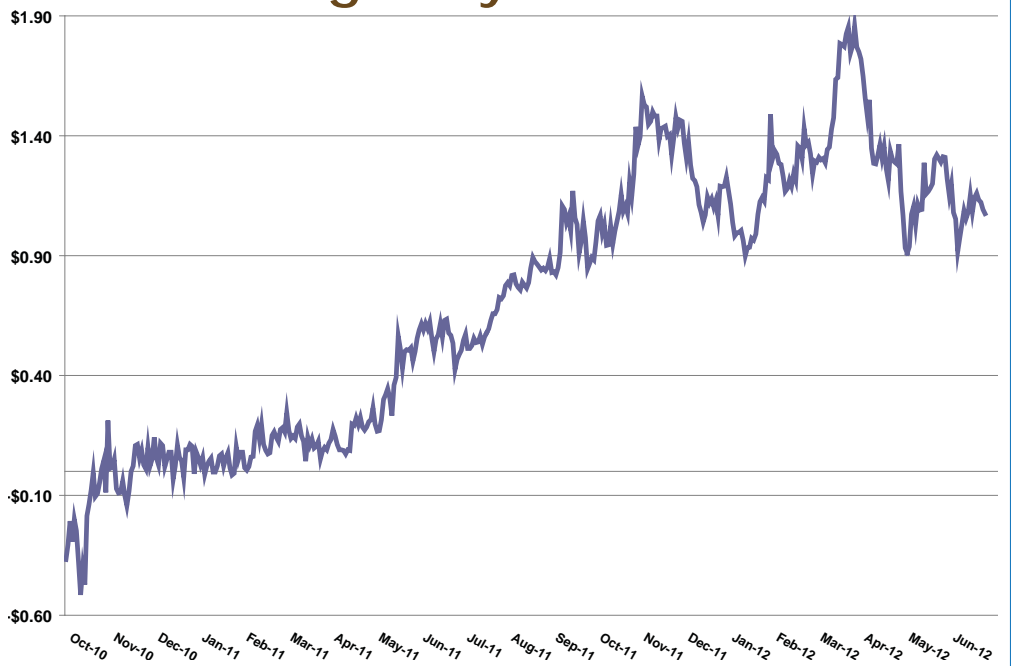

-More convenient way to trade the spread between MGEX North American Spring Wheat and CBOT Soft Red Winter Wheat futures contracts

-Eliminates slippage / no leg risk

-No changes from current spread trading practices

-Contracts trade, clear and settle to their respective exchanges

## MGEX Sept 2012 Futures Minus Chicago July 2012 Futures
