For Section 1, the Exchange may designate one or more participants who agree to make two-sided markets in the Product throughout the Regular Trading Session (“RTS”) and, as specified, one or more Extended Trading Sessions (“ETS”). In determining whether or not to select a prospective participant for the Program, the Exchange may take into account a variety of factors, including: whether the prospective participant is willing to quote throughout RTS and, where specified, ETS; the strength of the quoting obligations the prospective participant is willing to commit to provide; whether the Exchange believes that the prospective participant can maintain such obligations based on the application; and historical trading volume in related products. The Exchange may, from time to time, add or subtract from the aforementioned requirements as it deems necessary. Failure to meet quoting requirements, among other things, may result in removal from the Program. Participants must complete an application with the Exchange to be eligible for Section 1 of the Program. An application can be received by contacting MGEX at mgex@mgex.com.

For Sections 2, 3, 4, and 5, there are no application requirements.

The Exchange will monitor trading activity and participants' performance and retain the right to revoke participant status if it concludes from review that a participant no longer meets the eligibility requirements, fails to meet the obligations of the Program, or fails to comply with Exchange rules (including, but not limited to, rules relating to market manipulation, wash trades, etc.) or any applicable law.
